NJORD strengthens the partnership

We are pleased and proud to welcome NJORD's new partner, Anders Wernblad, who is an expert on IT law and e-commerce. On 1 August, Anders joined NJORD as a new partner at our offices in Copenhagen.

As a significant profile in the IT field, Anders Wernblad will contribute to strengthen NJORD's IT law department advising several major national and international clients. Anders comes from the law firm Bird & Bird and advises on everything within digitalization.

Anders has extensive experience in IT contracts, including the acquisition of complex IT systems, licence agreements and outsourcing of IT operations, where he advises both customers and suppliers of IT solutions.

In addition, Anders is an e-commerce specialist and advises companies on disputes with suppliers, transport companies and the Danish Consumer Ombudsman. Anders also assists enterprises that want to expand into new markets.

It is with great pleasure that we welcome Anders as a new partner and thereby extend our expertise within digitalization.
