

Quarterly Update April 2019

Every week NJORD Law Firm's Maritime and Transport Law Team publish short relevant news about Danish Maritime and Transport Law. This quarterly update summarises the key legal decisions and trends for the transport industry in the first quarter of 2019.

Read for example about the Danish haulier's use of foreign drivers, blockchain, cryptocurrencies and smart contracts within shipping and watch NJORD's 1.0 NewTech video about the Danish compensation system.
