GERDA.RAAG@NJORDLAW.EE @

PROFILE

Gerda's main areas of expertise are data protection and dispute resolution. In addition, she has a strong working knowledge of competition and energy law. Gerda is particularly interested in the developments of new technologies and the digital era. For that reason, she is also well versed in the workings of data-based platforms and related competition law aspects.

Gerda has taken part in numerous international projects and improved herself at a legal internship in New York. Through these experiences Gerda has formed an international legal network which enables her to keep up to date with legal developments abroad. Gerda works in Estonian, English and French.
