### PROFILE

Torkil Høg specializes in competition and procurement law and has many years of experience in handling disputes and litigation. This includes managing disputes involving public authorities, court proceedings, and arbitration processes. His experience covers cases before both district and high courts, as well as the Court of Justice of the European Union (CJEU). Additionally, he advises bidders in procurement processes.

Torkil has been a long-standing advisor to the travel industry, granting him extensive knowledge and experience in advising on the specific regulations governing the sector. He has handled virtually all significant regulatory cases within the industry and has been the regular legal counsel for several passenger transport companies and their industry organizations.

Torkil Høg also provides advice on regulatory and contractual matters within the care sector and the pharmaceutical field. He has extensive experience drafting contracts related to the development of pharmaceuticals and medical devices and possesses in-depth knowledge of private nursing homes, including matters related to pricing structures.

As a former member of the Instruction Commission, he has profound knowledge of legislation and processes concerning the work of investigation commissions. He is also well-versed in the rules and principles governing the roles and responsibilities of civil servants.
